GRADUATES AND AWARD RECIPIENTS

BHS CLASS OF 2022 Commencement

Brockport's Class of 2022 gathered in celebration for the 95th BHS Commencement ceremony held on June 26 at Frontier Field. Sounds of Pomp and Circumstance filled the stadium as the soon to be graduates, donned in blue caps and gowns, marched in to the cheering of family and friends.

Superintendent Sean Bruno warmly welcomed everyone and thanked Brockport's dedicated staff and supportive Board of Education members who assisted with this year's commencement journey. He also recognized the parents, family and friends whose support, faith and sacrifices brought everyone together to celebrate in the momentous occasion. The Superintendent reflected upon watching the Class of 2022 grow throughout the years and congratulated them on their many accomplishments. "All of you have the knowledge and skills needed to support your future and success. In your post graduate journey, you will find many situations that you can master. You will also face obstacles, both large and small," he said. "No matter the future path you choose, I challenge you that when you are faced with an obstacle, instead of seeing them as insurmountable, consider them as opportunities to do what is right. And Never, Never, Never give up!"

Both the Salutatorian Merin Squillante and 2022 Class President Kiera Wilson addressed their peers and highlighted the many memories and experiences they had throughout the years that bonded their class together. "Our

Salutatorian Merin Squillante, Valedictorian Jasmyn Miller & Class President Kiera Wilson

educational experience at Brockport helped to mold us into who we are today," said Squillante. "It opened our eyes to both the good and the bad of the world. There were times we stood together and others when we found ourselves on opposing sides. But that is how the real world is, and I am confident we are all ready to get out there and continue to figure things out and discover who we will be."

Valedictorian Jasmyn Miller discussed the future of the Class of 2022 and the many choices that must be made. She explained that these experiences can serve as lessons to help build a life in which you are satisfied and proud of who you have become. "Your future is not set in stone yet," she said. "The world is always changing. The

boundaries of high school are quite rigid, but once you leave, it is up to you to take charge of your own life, and I wish you all the best."

This year's keynote speaker, BHS Social Studies teacher Christopher Beyrle, quoted Yoda saying, "fear leads to anger, anger leads to hate, and hate leads to suffering" unless there is hope. He told the graduating class that he has immense hope in each of them and in their generation. He asked them to take a moment and really think about what they cared about. Typically, people respond that they care about their family, friends and future. "No matter how different we may feel on other issues, we have that in common." Beyrle stated that throughout life, perspectives are often challenged and reevaluating beliefs can be scary. However, remembering what you care about can be helpful in discovering your truth.

Principal Michael Pincelli encouraged the class to take risks, always do their best and to be flexible. He summarized with baseball-inspired advice. "You won't win every game. The goal is to win more than you lose. If you can do that often enough, you may find that you have won it all."

Class of 2022, be proud of all you have accomplished, hold on to your memories, work hard, remember your roots and NEVER give up because you are our hope for a brighter future. Enjoy, the best is yet to come!

“With all our futures shining bright ahead of us, let us take a breath, to stop and be here in this moment. Reflect on the times you’ve spent with your classmates, those familiar faces, who have grown into your closest friends. Those people who know all your dreams and all your secrets.”

- Kiera Wilson, Class President

BCSD Music Education Program Receives National Recognition

Brockport CSD has been honored with the Best Communities for Music Education designation from The NAMM Foundation for its outstanding commitment to music education. The designation is awarded to districts that demonstrate outstanding achievement in efforts to provide music access and education to all students and honors the resilience and dedication to keeping music as part of a well-rounded education. Collaboration and innovation were also common themes of districts named "Best Communities," along with reliance on science-led studies supporting student health and mitigation strategies. This is the seventh time Brockport has been honored with the designation.

"The faculty of the BCS Music Department are very appreciative of the support we receive from our administration and community members," said Brockport Music Department Chair Shawn Halquist. "It is obvious that music education and performance is a vital part of our schools."

BHS Composer

Brockport senior Joey Stempien composed and recently published his piece, The North Zephyr, on JW Pepper. Joe has been composing since elementary school with an emphasis in jazz and has arranged works for the BHS Percussion Ensemble. His first original Percussion Ensemble composition was premiered in June, and BHS Jazz groups have also featured his work.

"It has been an honor and privilege to witness Joe grow in the musical sphere here at BCSD, both as a performer and composer/arranger," said Victoria Valente, BHS Band Director.
